

THE **VACCINE DEATH** REPORT

Evidence of millions of deaths and serious adverse events
resulting from the experimental COVID-19 injections

BY DAVID JOHN SORENSEN & DR. VLADIMIR ZELENKO MD
VERSION 1.0 SEPTEMBER 2021

PURPOSE

The purpose of this report is to document how all over the world millions of people have died, and hundreds of millions of serious adverse events have occurred, after injections with the experimental mRNA gene therapy. We also reveal the real risk of an unprecedented genocide.

FACTS

We aim to only present scientific facts and stay away from unfounded claims. The data is clear and verifiable. Over one hundred references can be found for all presented information, which is provided as a starting point for further investigation.

COMPLICITY

The data suggests that we may currently be witnessing the greatest organized mass murder in the history of our world. The severity of this situation compels us to ask this critical question: will we rise to the defense of billions of innocent people? Or will we permit personal profit over justice, and be complicit? Networks of lawyers all over the world are preparing class-action lawsuits to prosecute all who are serving this criminal agenda. To all who have been complicit so far, we say: There is still time to turn and choose the side of truth. Please make the right choice.

WORLDWIDE

Although this report focuses on the situation in the United States, it also applies to the rest of the world, as the same type of experimental injections with similar death rates - and comparable systems of corruption to hide these numbers - are used worldwide. Therefore we encourage everyone around the world to share this report. May it be a wake-up call for all of humanity.

AT LEAST 5 TIMES MORE DEATHS

CDC WHISTLEBLOWER SIGNS SWORN AFFIDAVIT

VAERS data from the American CDC shows that as of September 17, 2021, already **726,963 people** suffered adverse events, including stroke, heart failure, blood clots, brain disorders, convulsions, seizures, inflammations of brain & spinal cord, life-threatening allergic reactions, autoimmune diseases, arthritis, miscarriage, infertility, rapid-onset muscle weakness, deafness, blindness, narcolepsy, and cataplexy. Besides the astronomical number of severe side effects, the CDC reports that **15,386 people died** as a result of receiving the experimental injections. However, a CDC healthcare fraud detection expert named Jane Doe investigated this and came to the shocking discovery that the number of deaths is at least five times higher than what the CDC is admitting. In fact, in her initial communications to professor in medicine Dr. Peter McCullough, this whistleblower said that the number of deaths is ten times higher. The CDC health fraud detection expert signed an affidavit, in which she stated her findings. She carefully chose the wordings '**...under-reported by a conservative factor of at least five**', but as she revealed initially, the factor could also be ten. Here is an excerpt of the affidavit: ¹

'I have, over the last 25 years, developed over 100 distinct healthcare fraud detection algorithms. ... When the COVID-19 vaccine clearly became associated with patient death and harm, I was inclined to investigate the matter. It is my professional estimate that VAERS (the Vaccine Adverse Event Reporting System) database, while extremely useful, is under-reported by a conservative factor of at least 5. ... and have assessed that the deaths occurring within 3 days of vaccination are higher than those reported in VAERS by a factor of at least 5.'

**According to this CDC health fraud detection expert
the number of vaccine deaths in the U.S. is not 15,386
but somewhere between 80,000 and 160,000.**

The CDC is also vastly underreporting other adverse events, like severe allergic reactions (anaphylaxis). The Informed Consent Action Network (ICAN) reported that a study showed how the actual number of anaphylaxis is **50 to 120 times higher** than claimed by the CDC.^{2,3} On top of that, a private researcher took a close look at the VAERS database, and tried looking up specific case-ID's. He found countless examples where the original death records were deleted, and in some cases, the numbers have been switched for milder reactions. He says:

'What the analysis of all the case numbers is telling us right now is that there's approximately 150,000 cases that are missing, that were there, that are no longer there. The question is, are they all deaths?' ⁴

How criminal the CDC is, was also revealed a few years ago, when researchers investigated the link between vaccines and autism. They found that there indeed is a direct connection. So what did the CDC do? All the researchers came together and a large dustbin was placed in the middle of the room. In it they threw all the documents that showed the link between autism and vaccinations. Thus, the evidence was destroyed. Subsequently, a so-called 'scientific' article was published in Pediatric, stating that vaccinations do not cause autism. However, a leading scientist within the CDC, William Thompson, exposed this crime. He publicly admitted:

'I was involved in misleading millions of people about the possible negative side effects of vaccines. We lied about the scientific findings.' ⁵

The worst example of criminal methodology used to hide vaccine deaths is the fact that the CDC doesn't consider a person vaccinated until two weeks after their second injection. This means that anyone who dies during the weeks before or the two weeks after the second injection, are considered unvaccinated deaths, and are therefore not counted as vaccine deaths. By doing this, they can ignore the vast majority of deaths following the injection. This is the nr 1 method used in nations worldwide to hide the countless numbers of vaccine deaths. ^{6,7}

300,000 ADVERSE EVENTS

MODERNA HIDES HUNDREDS OF THOUSANDS OF REPORTS

A whistleblower from Moderna made a screenshot of an internal company notice labelled "Confidential - For internal distribution only", showing there were 300,000 adverse events reported in only three months:

'This enabled the team to effectively manage approximately 300,000 adverse event reports and 30,000 medical information requests in a three month span to support the global launch of their COVID-19 vaccine.' ⁸
