

## BREAKTHROUGH-PHARMACEUTICAL CONTRACTS

A few hours ago, the TSJIB(superior Court of Justice of Balearic Islands) just informed us of the following court order.

After the request made by Liberum and 549 citizens, the TSJIB has agreed on July 28, 2022, in the DDF 14-2022 procedure, to REQUEST by OFFICE, so that within 10 days, the MINISTRY OF HEALTH provides the documentation requested and declared as pertinent evidence by the TSJIB.

1.- THE CONTRACTS SIGNED AND SUBSCRIBED BY THE GOVERNMENT OF SPAIN WITH THE PHARMACEUTICAL COMPANIES PFIZER, ASTRA ZENECA, MODERNA AND JANSEN and/or the Commission of the European Union, in relation to the Covid-19 vaccine, expressly mentioning that they must provide A COPY OF THE ORIGINAL CONTRACTS, where the price of the doses, deliveries, possible compensation for drug failures, as well as all the clauses and stipulations of the same, are stated.

2.- That the Interterritorial Health Council provide the VACCINATION EFFECTIVENESS STUDIES THAT, WHEN THE INDEX CASE AND ITS CONTACTS ARE VACCINATED, THERE ARE MORE INFECTIONS DUE TO A GREATER RELAXATION OF MEASURES THAN IF THE CONTACTS referred to in the Presentation are NOT VACCINATED referring to the Alerts from the Interterritorial Health Council dated November 23, 2021.

3.- That the TOTAL NUMBER OF ADVERSE EFFECTS OF COVID-19 VACCINES IN THE BALEARIC ISLANDS be certified.

4.- That the TOTAL NUMBER OF PEOPLE DECEASED DUE TO ADVERSE EFFECTS OF COVID-19 VACCINES IN THE BALEARIC ISLANDS be certified.

From the LIBERUM LEGAL TEAM, we highly value the UNPRECEDENTED JUDICIAL PROGRESS. Finally, the public will be able to discover all those clauses, spuriously stolen. We have witnessed a wild violation of fundamental rights, under the cover of a NON-EXISTENT emergency and under the umbrella of "CONTRACTS-LAW or SECRET MILITARY CONTRACTS", which have circumvented our constitutional order and legal order of values and Human Rights.

The contracts signed with the PHARMACEUTICAL HOUSES must be public and FINALLY WILL BE. It is incomprehensible and legally unacceptable that, in a matter as delicate as the health of the population in general, they were hidden precisely from those millions of people who are the recipients of the clauses of these, de facto breaking the INFORMED CONSENT necessary to have all the data about the treatment from which they were to be inoculated.

rule of law and the judicial control of the third power of the state, guarantor of our constitutional values. The secrecy imposed to date involved, as we have been asserting for months in dozens of legal proceedings, plain and simple, the violation of the HUMAN RIGHTS of citizens and an unparalleled breach of LEGAL SECURITY and THE PRINCIPLE OF LEGALITY.

We thank again, the FIVE HUNDRED AND FORTY-NINE PEOPLE THAT RECURRED, for their courage and the trust placed in the LIBERUM ASSOCIATION, which again in defense of FREEDOM achieves another JUDICIAL SUCCESS, which is not from LIBERUM, nor from the FIVE HUNDRED AND FORTY-NINE RECURRING, BUT OF THE WHOLE SPANISH AND EUROPEAN SOCIETY.

**WE ARE THE RESISTANCE!!!**

LONG LIVE FREEDOM!!!
